General information

Minimum order quantity: 36 pieces per version

Order interval: 36 pieces

Tape size

50 mm height, 66 m length

Print files

For printing, we ideally require your artwork as a vector file.

Alternatively, a high-resolution raster file is possible.

If files are supplied in non-print-ready or unsuitable formats, additional costs for file preparation may apply.

Print specifications

- Logos and lettering must not be printed up to the top or bottom edge. A safety margin of 1.5 mm must be maintained at both the top and bottom.
- The maximum length of the print design is 39.5 cm.
- White is not counted as a print colour.

Standard version

For technical reasons, a narrow unprinted gap appears between each repeat of the design in standard production.

Option: seamless printing

Seamless printing is available with two design widths:

- 314 mm design width: 119 EUR surcharge per print colour
- 395 mm design width: 178.50 EUR surcharge per print colour

The surcharges apply regardless of the order quantity.
